OBJECTIVE

Dedicated and passionate computer science student looking for a position to advance my skill set and knowledge, preferably with the opportunity to move up in the company.

SKILLS

HTML	**Python**	**Markdown**
CSS	**Java**	**Microsoft Office**
Javascript	**Git/Github**	**Google Workspace**
Bootstrap 5	**Bash**	

EDUCATION

AS in Computer Science - Washtenaw Community College 2020-2022
BS in Computer Science - Eastern Michigan University 2022 - 2022

PROJECTS

Reddit Bot (PerfumeBot)
- Automated bot created with Python and the Reddit PRAW API and hosted on a Digital Ocean LAMP droplet. Replies to mentions and applies flair based on transaction history. Includes other utility functions such as report, new account, and duplicate post management.

Stickee Notes
- Designed to be a simple and effective way to create small reminders and search through them. Uses HTML, CSS, JS, and JSON to provide access to notes via the browser.

Community Connection
- A freelance website project that uses HTML, CSS, Bootstrap 5, JS, and PHP. Provides a contact form to receive emails via PHP, and a template for Community Connection to fill with their own information and images.

JOB HISTORY

Dining Services Director *2019 - 2020 Provision Living of West Bloomfield*
- Budget management, scheduling, menu design, customer and vendor relations, developing and implementing training policies with employees, and training new hires.

Executive Sous Chef *2018 - 2019 Glacier Hills*
- Managing team of 25+. Creating daily team procedures, order guides, and other workflow related documents using Microsoft Office and Adobe Photoshop.
